Dear Ma'am/Sir,

I am writing to apply for an internship position at Mabuhay Vinyl Corporation. I am currently a student at St. Michaels College Iligan City, pursuing my degree in Bachelor Science of Information Technology (BSIT). As part of my academic requirements, I am seeking an internship opportunity to gain hands-on experience and further develop my skills in IT. I am eager to contribute to your team while gaining valuable insights and experience that will enhance my academic learning.

During my academic and personal projects, I have gained hands-on experience with modern web development tools and frameworks, as well as with database management systems such as MySQL. I am adaptable, a quick learner, and able to manage my time and tasks effectively. I'm eager to bring my skills to your team and contribute to the success of your projects.

I am excited about the opportunity to join Mabuhay Vinyl Corporation and contribute to its goals. My resume is enclosed for your review, and I would be happy to discuss how my skills align with your needs. I am available at your convenience and can be reached by email or phone. Thank you for considering my application, and I look forward to hearing from you.

Sincerely,

Erwin James P. Maglangit
